

3 2 1 BLAST OFF

STACY IEST HSU

Let's Go to Space...ready...3 2 1 Blast Off!!!

3, 2, 1 Blast off is a celebration of space exploration with a vintage twist. With its retro color palette and imagery, this collection is sure to transport you back in time when space exploration was just beginning. Hand-drawn vintage rockets and robots adorn the prints as well as a nine-square panel perfect for making small projects like pillows and totes or a whole quilt. The collection would not be complete without a spaceship backpack panel and its very own astronaut stuffed toy.

There are three quilt patterns for 3 2 1 Blast off that showcase this whimsical collection. The quilts range from rockets to robots, each quilt celebrating the outer space theme. These quilts are a perfect way to infuse a little vintage space into any little one's room. Buckle up because we are going to space – vintage style, that is!
