

**IT'S COZY, IT'S CHARMING, SO WELCOME HOME DARLING.** Step inside an enchanting storybook cottage and make yourself at home. The Cottage Charm collection is inspired by my favorite cottage elements—soft colors, floral wallpaper, vintage decor, warm welcoming light, and gentle breezes through the curtains carrying inviting scents from the flower garden.

Cottage Charm features an array of soft pink, peach, sage green, buttercup yellow, lavender, powder blue, and cream prints for a sweet and feminine touch. The mixture of patterns and textures include those inspired by floral wallpaper, gingham, paneling, window panes, and vintage stamps. This fabric collection will captivate you as you sew projects that bring the essence of a vintage flower cottage to your home. Cozy up in your favorite nook with a quilt made from the Cottage Charm collection.
