

DEAR DAISY

by Heather Briggs of *My Sew Quilty Life*

Dear Daisy is a tender tribute to childhood memories, long, sun drenched afternoons spent running through wildflower fields, laughter carried on the breeze, and the simple joy of daisies clutched tightly in small hands.

This collection captures the sweet innocence of days gone by: picking daisies one by one, making flower crowns and daisy chains, weaving dreams among the petals, and softly plucking each flower while whispering, "He loves me, he loves me not." Inspired by the feeling of writing in a diary, Dear Daisy tells the story of a young girl's friendship with flowers, sharing secrets with them, dreaming beside them, and finding comfort in their beauty.

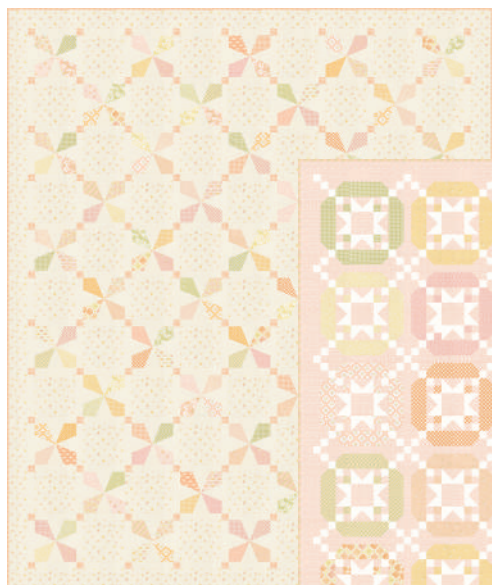

Filled with delicate florals, vintage inspired prints, and soft pastel shades of pink, yellow, green, and lavender, Dear Daisy is a love letter to those fleeting golden moments when time felt endless and the meadows were full of magic.
