URBAN FLOWER FARM GATHERINGS

By: Primitive Gatherings

Primitive Gatherings

Every city has hidden gardens. Every old farmhouse has stories tucked in between its stones. Urban Flower Farm Gatherings is inspired by those quiet places where flowers soften weathered brick, climbing vines frame historic homes, and nature finds beauty in the most unexpected corners.

Shades of cream, linen, mushroom, stone, charcoal and black are paired with graceful florals, timeless textures and classic coordinates to create a collection that is understated, elegant and endlessly versatile. From bold geometric quilts inspired by architecture to delicate floral applique reminiscent of cottage gardens, this collections bridges the rustic warmth of country living with the refined simplicity of urban design. These are fabrics you'll reach for again and again, perfect companions for heirloom quilts that are meant to be loved for generations.
